PRESIDENT TAFT has nerve. He made his first trip up the Washington Monument on Friday, January 13th.

THERE were no lynchings in old Kentucky last year, but 1911 is making a new record, with three executions by Judge Lynch the first month.

UNDER Democratic Free-trade where would the money come from to pay the old soldiers \$200,000,000 pensions due them? Maybe the Democrats would try to pay it off in BILLY BRYAN'S 50-cent silver dollars or hot air.

LET a healthy man in the prime of life quit work and he goes to the dogs. He becomes a pessimist, a cynic, a continual grouch and nuisance. The best woman in the world cannot please him long. The doors of the Divorce Court yawn for him.—Ex.

MUSICIANS might well heed the admonition of wise MICHAEL MONAHAN, who, in his sparkling Papyrus Magazinelet, has it: "A little romance in your heart, a little invention in your head, a little iron in your purpose—these things will keep a man in the world as long as it is decent for him to stay."

THERE is nothing more repulsive than the "human icebergs" who wander through the world chilling those about them with their cold, haughty demeanor. There are many "icebergs" in the family circle, but it should not be so. Let your hearts be happy and let it be your aim to radiate joy among others. Be not, my dear friends, I beseech you again, "human icebergs," but be charitable and happy, and do not chill those among whom you move and live.—Cardinal Gibbons.

The Louisville Herald says they are now grooming SAMUEL JUDSON ROBERTS for Governor. At last they seem to have named the proper man. Hurrah for ROBERTS.—Lexington Herald.

The price of coffee is going up, and experts say it will go still higher; but coffee is on the free list, so that cannot be charged to the vicious Payne-Aldrich Bill any more than can 40-cent eggs.

One of the worst things that can ever happen to a person is to get it into his head that he was born unlucky and that the Fates are against him. There are no Fates, outside of our mentality. We control our own destiny.—Success Magazine.

The Panama Canal is to be fortified with the heaviest, most modern, most approved and most complete guns, batteries and system of mines known to military science. Every detail of the plans of the National Board of Defense worked out for the protection of the canal will be carried through.

Most people are their own worst enemies, says ORISON SWETT MARDEN in Success Magazine. We are all the time "queering" our life game by our vicious, tearing-down thoughts and unfortunate moods. Everything depends upon our courage, our faith in ourselves, in our holding a hopeful, optimistic outlook; and yet, whenever things go wrong with us, whenever we have a discouraging day or an unfortunate experience, a loss or any misfortune, we let the tearing-down thought, doubt, fear, despondency, like a bull in a china shop, tear through our mentalities, perhaps breaking up and destroying the work of years of building up, and we have to start all over again. We work like the frog in the well; we climb up only to fall back, and often lose all we gain.

"Lame Leg Well"
"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HENDER, of Hunter, Ala.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

Big Increase in Tobacco Sales at the Maysville Houses Yesterday

The sales of loose leaf tobacco at the Maysville warehouses Tuesday amounted to about 300,000 pounds, selling at \$9.40 average.

At the Farmers' Warehouse 114,700 pounds were sold at an average of \$9.43 a hundred. Prices ranged from \$8 to \$18.75.

At the Tuck-Bo house nearly 200,000 pounds were sold at \$9 to \$14 a hundred pounds.

The receipts were the heaviest of the season and it taxed the houses to handle the incoming tobacco.

Curing Catarrh

Accept Our Advice and Try This Remedy at Our Risk

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system. When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to even more serious afflictions. We honestly believe Rexall Muc-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rexall Muc-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at—The Rexall Store—Thos. J. Chenoweth, Second and Sutton streets.

NEIGHORLY NEIGHORHOOD

Mr. Goodheart Experiences Joys of Suburban Life in Gay Spring Time.

Mr. Goodheart (a suburban resident)—Good morning! What can I do for you this bright and beautiful morning?

First Neighbor—I noticed you hadn't begun making garden yet, and I thought I'd just step over and borrow your spade.

Mr. Goodheart—Certainly—certainly. Here it is. Good day.

Second Neighbor—How do, Mr. Goodheart? Will you let me have your hoe for a few minutes?

Mr. Goodheart—Yes. Certainly. Third Neighbor—Good morning. I see Mr. Spinks has your spade and Mr. Plinks just passed me with your hoe, and, as you can't do anything with a rake without a spade and hoe to break the ground, I concluded I might just as well drop in and borrow your rake. Thanks.

Fourth Neighbor—I see you are not making any use of your wheelbarrow and—

Mr. Goodheart—I will need the wheelbarrow the moment I begin making garden.

Neighbor—O, yes, of course. But you can't make garden without a spade, and hoe, and rake, you know, and I'll rush back with the wheelbarrow quick as I see the spade coming back. Thanks.

Mr. Goodheart—Now don't forget that I shall need this wheelbarrow just as soon as Mr. Spinks comes back with my spade.

Fourth Neighbor—O, I'll have plenty of time to get through with the barrow. Spinks told me he'd be busy with your spade for a month.—New York Weekly.

HOW TO END FOOT WORRY

First Find the Cause of the Discomfort and Then Get Rid of It.

The girl who has worn jumps and tennis shoes for months will not have a happy time with her feet when she gets back into high shoes.

She should break herself in gradually, using shoes from last season for the first few days. If the ankles have swollen from being unconfined for so long, use laced shoes, so that the pressure can be regulated.

There will doubtless be a sense of burning at first. This can be eased by spraying the feet night and morning with cold water. If the sensation is excessive, rubbing with alcohol will relieve it.

Where high shoes irritate the feet from pressure, dust the feet well with lycopodium. If the sense of swelling and discomfort continues, visit a chiropodist. Much discomfort in cold weather would be avoided if the condition of the feet were watched.

If after such care the feet and legs still continue swollen, go to a physician. Often there is a tendency to kidney trouble in the fall that can be easily checked if taken in time. One of the first signs is irritation of feet and legs.

One specialist declares that much of the foot worry of which women complain in the autumn and blame on high shoes is due to excessive use of feet during the hot months.

As there is no surer cause of ill-temper than foot discomfort, do not bear the annoyance, but seek the cause and get rid of it.

Big Salmon Caught With Fly.

Judge D. W. Prowse, the well-known fishery authority in Newfoundland, is good enough to send us an account of a big salmon which was caught with fly at Delaney's Point, Little River, Codroy, a short time ago. The captor was C. A. Walker of Boston and he had a fight of an hour and three-quarters with the fish before his guide succeeded in gaffing it.

The gaff broke but the fish was successfully landed. It weighed 41½ pounds some time after it was caught. This is the heaviest salmon caught with fly in Newfoundland so far, though one of 38 pounds was killed by J. F. Daggett and one of 33½ pounds by J. R. Wagstaff. As a rule Newfoundland salmon do not run large, but the last few years have seen a decided increase in the number of big fish in the rivers, if we may judge from the fishery reports.—Field.

Finds No Hymns for Men.

The Rev. Dr. William E. Barton of the First Congregational church, Oak Park, has discovered that there are no hymns for men in the hymn books. "In looking over the hymnals for hymns that would be suitable to go with a sermon on 'Christian Manhood,'" he said, "I found material about 'Mother's Bible,' 'Mother's Prayer,' 'Mothers in Heaven,' but so far as men are concerned either the fathers of the church had no religion or the writers of hymns have not discovered it."—Los Angeles Examiner.

PUBLIC LEDGER

MAYSVILLE, KY.

Miss Ora Chatbam, the competent teacher in the First District School, is confined to her home with a case of mumps, and Mrs. Johnston is filling her place.

Ladies' Aid Society

The Ladies' Aid Society of the Christian Church will meet at the Church on Thursday afternoon at 1 o'clock. All members are urged to attend.

General Lee's Birthday

The birthday anniversary of General Robert Edmund Lee occurs tomorrow, January 19th, and the day is to be made a memorable occasion throughout the entire Southland. In Maysville there will be no public demonstration celebrating the event, although the great Confederate is held in undying memory by all Southern sympathizers.

Let Her Go Round

The new revolving storm doors in the South front entrance of the City Postoffice Building were finished Tuesday at noon and thrown open to the public. The doors are fine pieces of work, very expensive, durable and ornamental and cost several hundred dollars. They furnish fresh air automatically, without the least bit of wind or draft. The doors work a little hard at first and many persons, especially the women, will have to use a little muscle to go in and out, otherwise they are o. k. and are the only ones in Maysville.

"The Harover Law"

Thanks to Councilman Harover, who waked the public up to the importance and pestilence against allowing the snow to remain on the sidewalks, the six-inch fall of "The Beautiful" did not linger long on Maysville's sidewalks. Property owners were quick to remove the snow yesterday and the public was duly thankful.

Gage marks 37.0 and rising.

Three Saving Graces
Guaranteed by Underfeed
Furnaces and Boilers

MONEY
TIME
LABOR

The Underfeed Heating Systems have enabled thousands of users in all parts of Uncle Sam's broad domain to

SAVE 1/2 TO 3/4 OF COAL BILLS

This is well worth anybody's careful attention in these days when the high cost of living is such an important factor.

THE PECK-WILLIAMSON UNDERFEED
FURNACES AND BOILERS

Effecting a great saving because they are the only heating plants which will burn the cheapest grades of coal successfully. Low-priced slack will yield as much heat, even heat in the Underfeed as collieries which topfeed require. The Underfeed Coal-Burning Way is endorsed by all great municipalities as best for health. It saves at every point because smoke and gases are consumed and turned into heat units. Ashes are few and the apparatus is easy to manage and operate. Freely endorsed by many Maysville citizens. Write for free booklet and facsimile testimonials today and learn how you can secure more clean, even heat for less money.

THE PECK-WILLIAMSON CO.,
